Sir,

Adverting to Government Order No L 1506-9/111 11-42-11 dated 2-8-1942 sarctioning an allowance of Rs 25 per mersem to the Veterinary Inspector for examining the Municipal Bullocks periodically, I have the honour to state that at present there are four hundred cattle in the Farm 200 of them being Municipal cattle and the rest relating to the Dry Cattle shed As this large number of cattle has to be taken proper care of in regard to their proper feeding and timely treatment, it is considered necessary to appoint a whole-time salustry who can bestow better attention at all times and take care of the cattle instead of the present arrangement of the Veterinary Inspector periodically ins-

pecting them which is not conducive to the well-being of the cattle The Managing Committee while considering the proposal resolved at their meeting held on 17-1-1944 that the appointment of a salustry on Rs 25/- may be recommended, his services being obtained from the Veterinary Department and the Municipal Council approved of the proposal in their meeting held on 29-1-1944 I enclose herewith an extract of the resolutions for your information and request you kindly to obtain sanction of Government to the appointment of a Veterinary Salustry whose services will be obtained from the Veterinary Department The payment of the allowance to the Veterinary Inspector will cease after the appointment of a salustry
